

# GLOBAL HSE SPECIALIST FOR RENEWABLE ENERGY

## Your Role and Responsibilities

In this role you will act as role model contributing to and facilitating change in HSE culture. You will also show your expertise by joining the Business Area as subject matter expert.

The work model for the role is: onsite San Fernando de Henares (Madrid).

This role is contributing to the ABB MO HP BL RP globally from Spain. Main stakeholders are factories, field service technicians, technology, management and local subcontractors.

You will be mainly accountable for:

- Supporting the implementation of measures, policies and standards within the assigned program, reporting on the progress.
- Driving behavioural change to continuously improve the HSE performance of the organizational unit.
- Representing the Business Area in relevant forums.
- Staying abreast of external trends and perspective, providing advice to the business when necessary.
- Leading HSE training program and best practices

## Our Team Dynamics

You will join an international, dynamic and growing team, where you will be able to thrive.

## Qualifications for the role

- You have at least 5 years of experience in leadership positions in HSE.
- You are passionate about motivating people to change their culture and achieve the highest safety standards.
- Master Degree in HSE homologated in Spain is compulsory.
- You are fluent in English and Spanish
- Team management and organizational skills
- You hold current work permit valid in **Spain** and **Europe**

## What's in it for you?

We empower you to take initiative, challenge ideas, and lead with confidence. You'll grow through meaningful work, continuous learning, and support that's tailored to your goals. Every idea you share and every action you take contributes to something bigger.

## Benefits

-  Comprehensive Insurance Coverage: You'll be covered by our collective insurance plans in Spain – life, accident, and travel assistance – so you can feel secure whether you're at work or on the road.
-  Lunch Allowance: Receive a monthly allowance to enjoy your meals.
-  Learning & Training: Take advantage of a wide range of learning opportunities, grow, upskill, and move forward in your career.
-  Career Development: Expect plenty of chances to advance your career internally with our Open Job Market, with support to explore new roles and take on exciting challenges!
-  Flexible Work Practices: We get that life happens – we support a healthy balance between your professional and personal life.
-  Wellbeing Program: From mental health support to wellness activities, we've got your back—mind and body.

Gamesa Electric as part of ABB provides competitive benefits, ask us!

## More about us

*Gamesa Electric (now part of ABB) is a worldwide leader in the design and manufacturing of electrical equipment, with extensive experience in photovoltaics, wind power and energy storage applications. Cutting-edge technology and innovation at service of renewable energies and environment, contributing with flexible complete solutions to make clean energy more affordable and reliable. Our target is leading the global renewable energy industry, driving the transition towards a sustainable world.*

*We have the clear goal of driving diversity and inclusion across all dimensions: gender, LGBTQ+, abilities, ethnicity, generations, etc. Together, we are embarking on a journey where each one of us, individually and collectively, welcomes and celebrates individual differences.*
